

Powered by People

Founded in 1992 by Jean Provencher and Marc Otis, Strophe Inc. is an applied IT consulting firm specializing in Microsoft Dynamics GP, Microsoft Dynamics CRM and Microsoft Sharepoint business management systems. We work to provide businesses with integrated, high-performance management solutions that automate business processes while allowing them to manage their activities more effectively.

Located in Laval and California, our dynamic and multidisciplinary teams are made up of nearly 40 experienced professionals in the fields of accounting and management, as well as seasoned software developers and computer technicians, all accredited by Microsoft. We have the advanced expertise needed to provide top-notch services related to the implementation of management systems, including consulting, installation, development, training and technical support.

Our clients are mainly Canadian and American SMEs in the manufacturing, distribution, hotel and retail industries. We have been proudly serving many of our clients for years, and we have been privileged to witness their growth and success.

Our mission is to be the preferred partner of our customers and suppliers by offering superior service at every stage of our projects. Our creative approach and our work on the ground in close collaboration with customers set us apart from the competition and push our team to continually take on new challenges.

Our promise is that our expert team will ensure the success of every project.

For nearly 20 years, we have built a sterling reputation on the timely delivery of over 300 projects, always exceeding the expectations of our customers. Our ability to conduct a thorough analysis of management objectives and users' needs allows us to offer smart, customized and productive solutions that optimize human and material resources.
